CONTEST DETAILS

We begin the Hack 4 Good weekend with a contest designed for area High School students. Teams of 1-3 students solve 10-12 problems of varying difficulty and upload solutions to our automated live scoring system at this ICPC-inspired event. Our contest judges review results and present final results/awards during lunch. The winning high school receives our H4G traveling trophy until the next competition!
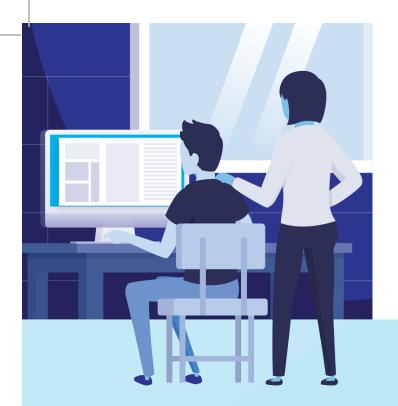

SPONSORS

World Wide Technology asynchrony labs · Mostly Serious · DRURY UNIVERSITY · centric^MIT · O'Reilly AUTO PARTS

WIDE OPEN NETWORKS · LOGIC FORTE · NORTHERN SUMMIT TECHNOLOGY · SELF · SPRINGHILL BROADBAND

efactory · mid-america technology alliance www.matasgf.com · MOTHER'S BREWING COMPANY · PEAK COLLECTIVE · Black River IMAGING

TEAM RULES

1. No more than 3 students per team

2. No more than 1 computer per team

3. No other electronic devices

4. Printed materials are allowed

PROGRAMMING LANGUAGES

Teams must write their solutions in one of the following programming languages:

- **JAVA**
- **PYTHON 2, PYTHON 3**
- **C, C++**

If you teach another language such as C#, please contact us with details! We may consider allowing additional languages and preparing solutions for sample problems in the team packet.

REGISTER YOUR TEAM TODAY AT HACK4GOODSGF.COM/HIGH-SCHOOL

PRICING & REGISTRATION

Registration for the first 20 teams is FREE, thanks to our Sponsors. Limit 2 free team registrations per school. Standard registration is $60 per team.

Each team may have 1-3 students. We recommend 2 students per team.

Registration includes event shirts and lunch. Teams registered after the October 15, 2018 deadline may not receive event shirts.
